4. Players may choose whether to go left or right, but must continue in the direction that they choose.
5. Roll the die and move the number of spaces that you roll.
6. Directions for game squares:
  - ▶ Savings: Your savings are growing = Move two spaces forward
  - ▶ Savings: You've earned interest! = Move one space forward
  - ▶ Borrow: Roll the die again to see how much you will borrow = Collect that number of extra pieces of money.
  - ▶ Pay back what you've borrowed = If you landed on the BORROW space what did you roll? Move back this number of spaces plus 1 more for interest charged.
    - If you did not land on the BORROW space you have nothing to pay.

  - ▶ Budget over spent = Move two spaces backwards
  - ▶ Check your investments! Roll the die again.
    - If the die lands on an EVEN number (2, 4 or 6): - Your investments are growing. Move forward that number of spaces
    - If the die lands on an odd number (1, 3 or 5): Your investments have lost money. Move back that number of spaces.
  - ▶ Money quiz = Player to the left selects a money quiz card and reads it to the player whose turn it is. Answer the question correctly and you can roll the die and move forward next turn. If you don't answer the question correctly, miss a turn.
