

A man once came to the prophet Mohammed to consult him about the harm he had done in saying evil of others. Was it so very serious? "Go," said the prophet, "and put a feather on every doorstep in the village." When the man came back next day, Mohammed said "Now go and gather all the feathers up again." "But I cannot," said the man. "A wind blew in the night and the feathers are scattered everywhere." "So it is with the words you speak," said Mohammed. And the man with the uncontrolled tongue saw what harm his idle words might be.

ISLAM

To every thing there is a season, and a time to every purpose under the heaven: A time to be born, and a time to die; a time to plant, and a time to pluck up that which is planted; A time to kill, and a time to heal; a time to break down, and a time to build up; A time to weep, and a time to laugh; a time to mourn, and a time to dance; A time to cast away stones, and a time to gather stones together; a time to embrace, and a time to refrain from embracing; A time to get, and a time to lose; a time to keep, and a time to cast away; A time to rend, and a time to sew; a time to keep silence, and a time to speak; A time to love, and a time to hate; a time of war, and a time of peace.

CHRISTIANITY

Let us all protect one the other,
Let us all enjoy together.
Let us act valiantly together.
May spiritual knowledge ever shine before
us.
Let us never hate one another.
And let Peace and Peace and Peace reign
everywhere.

HINDUISM

You should:

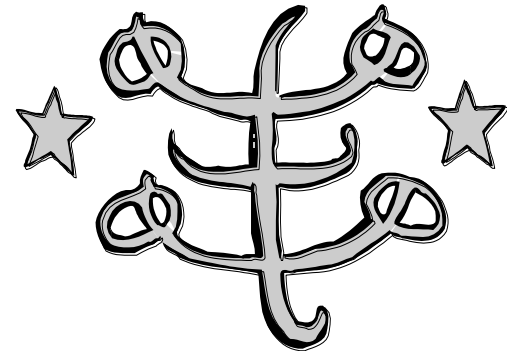

think the right thoughts
do things for a good reason
speak only the truth
behave as well as possible
care for all other living creatures
be as useful as possible
not act without thought
always try your hardest

BUDDHISM

When you meet those whose opinions differ from your own, do not turn away your face from them. All are seeking truth, and there are many roads leading thereto. Truth has many aspects, but it remains always and for ever one

BAHA'I

There are ten strong things.
Iron is strong, but fire melts it.
Fire is strong, but water quenches it.
Water is strong, but the clouds evaporate it.
Clouds are strong, but the wind drives them away.
Man is strong, but fears cast him down.
Fear is strong, but sleep overcomes it.
Sleep is strong, yet death is stronger.
But loving kindness survives death.

JUDAISM

In Japan there is a great Shinto shrine at Nikko. You reach it by an unforgettable avenue of great trees which stretch out for twenty miles on either side of the rocky road which leads to the shrine. The temple was built many centuries ago. Each wealthy lord was expected to send costly treasure to help the building. But there was one daimyo who had no costly treasure to send. Instead he got his peasants to help him plant tiny trees from his forests along the route to the temple. All the wealthy lords laughed at what was done. But today that great avenue of trees is more beautiful than any of the costly jewelled portions of the shrine. So is an honourable life more precious than gold or gems.

SHINTO

One should live so that one is at ease and in harmony with the world, without loss of happiness, and by day and by night, share the (peace of) spring with the created things.
