

## World Thinking Day – 22 February 2022

Celebrated since 1926, World Thinking Day is a day of international friendship. It is an opportunity to speak out on issues that affect young women and fundraise for 10 million Girl Guides and Girl Scouts in 150 countries.

Join WAGGGS to speak up on gender equality and climate change for ‘Our World, Our Equal Future’.

This year’s WTD starts a three-year journey for Girl Guides to become environmentally conscious leaders. By completing the steps in the Our World, Our Equal Future activity pack, Girl Guides around the world will be able to understand how girls and young women are disproportionately affected by environmental issues and explore how we could speak out and take action for a better world.

Girl Guides Australia is excited to present to you the WAGGGS WTD 2022: Our World, Our Equal Future Activity Pack!

Learn about gender and environment through seven changemakers from all around the world and discover the link between Climate Change and Gender Equality! With the activities as our guide, let us understand how girls and young women are disproportionately affected by environmental issues and explore how we could speak out and act for a better world.

The activity pack can be downloaded here:
