MARVELS OF MEXICO: From Twinkling Fireflies to Timeless Pyramids **21 June 2025 – 4 July 2025**

Every summer, thousands of fireflies light up the night sky in the highest part of Tlaxcala. Explore the sanctuary to witness this rare phenomenon – you'll feel as if you're in a forest of twinkling fallen stars. Step through the famed blue door at Nuestra Cabaña, then surround yourself in local culture and customs as you adventure through Cuernavaca or Pueblo Magico Tepoztlan.

Immerse yourself in the vibrance of Mexico City – the creativity of the artists, the astounding anthropological history, the inspiring cathedrals – before taking to the streets with our local guide to find the best authentic Mexican cuisine the city has to offer. That's not all...Tlatelolco, a 14th century market town is home to the Pyramids of the Sun and the Moon at the legendary Teotihuacan, Aztec City of the Gods
