

AGINFO 09 (2025)

Girl Guides Australia International Opportunities Information Session

The International Coordinator and the Assistant Chief Commissioner (Young Women) will be hosting online information sessions on opportunities for members to travel with Guides and to assist with implementing projects when members return from international opportunities.

The online sessions will be held on Sunday 27 April 8am WST, 10am AEST, and Sunday 8 June, 7pm AEST, 5PM WST, and will run for about an hour.

The 27 April session will cover *Help, I've been to an international event, I've got a project to do and don't know where to start? How to develop them? How to make them great?* This session is also open to those who haven't been to an international event before and would like to understand the expectations of the project if they do apply for an international event.

The Sunday 8 June session will cover upcoming *International opportunities*. The session will hear from Girl Guides across Australia who have had a variety of experiences traveling with Guides: from volunteering at a World Centre; attending an International Jamboree; participating in the Juliette Low Seminars or Helen Storrow Seminar; to other opportunities to be announced.

Please register your interest with your SGGO or by emailing accyoungwomen@girlguides.org.au, including your full name and SGGO.

A link will be provided to those who register the Friday before the information session.

If you have any questions or would like more information, please email Laura Ives Hicks (Assistant Chief Commissioner (Young Women)) at accyoungwomen@girlguides.org.au.
