It only takes 20 minutes to complete, and it's one of the most important things you can do for your family. If you choose to, you can also leave a bequest to GGA.

Money, raised for GGA supports; -

- New programs for young girls
- Improved resources to support our dedicated volunteers supporting the Guide journey for girls and young women
- Ongoing research maintaining an insight into the needs of girls as they navigate girlhood
- The maintenance of policy and procedure that ensures Guides remains a safe place for girls to be
- Advocacy efforts to support the voices of Girl Guides on issues they consider key to their world,
- and finally, supports the identification and promotion of international opportunities for girls to expand their life skills and experience of travelling the world.
