

GIRL GUIDES  
AUSTRALIA

## **AGINFO 08 (2026)**

### **ReachOut Kiribati Challenge and Fundraising Badge**

To the Guiding in Australia Community,

Guiding has always been at its strongest when we learn alongside one another.

Our partnership with Kiribati is a powerful reminder that the Movement reaches far beyond borders. By supporting local Leaders with training, resources and recognition pathways for girls, we are investing in sustainable leadership that will continue to grow long after this visit.

This is not about delivering a one-off program. It is about walking beside our Guiding sisters in Kiribati, listening deeply, adapting together and helping create the conditions for girls and young women to lead confidently in their own communities.

I invite every part of our Movement to support this initiative in whatever way you can. Together, our collective effort can help ensure Guiding continues to thrive in Kiribati for generations to come.

Undertake the ReachOut Challenge with your Unit, Olave Group or Trefoil Guild, raise funds to support this initiative and purchase a Fundraising badge.

Check out the GGA Program Resources page for more information on this fantastic initiative.
