

AGINFO 10 (2026) Updated Leadership Qualification Passport

The Leadership Qualification Passport has been updated.

This can be implemented immediately. If Leaders in Training are using older versions of the Passport, they can continue to use their old version or transition to the new version.

Significant changes include:

- Removal of Check-in page
- Fewer pages
- Simpler formatting
- Addition of State-based activities (where relevant)
- Completion of the Introduction to Neurodiversity GGL activity

The updated version is now available through the Leaders & Managers Section of the Girl Guides Australia website.

A reminder this section is locked. If you don't have the password, or have forgotten it, please contact your State Office.

Please share this information with Guiding members, particularly State L&D leads, Trainers, Managers and Mentors.

If you have any questions, please contact adults@girlguides.org.au
