WAGGGS World Conference Cambodia 2026

The WAGGGS World Conference was recently held in Cambodia, with Girl Guides Australia proudly represented by a delegation comprising of:

- Dr Helen Reid, Chief Commissioner
- Dr Natasha Montesalvo
- Lucy Jakob Boyle (WA)
- Emily Logan (NSWACT & NT)

We are delighted to share the exciting news that Dr Natasha Montesalvo has been elected to the WAGGGS World Board.

Natasha's guiding journey began as a Brownie in the United Kingdom and has since evolved into a significant leadership role within Australia, including serving as Assistant State Commissioner for Queensland and as a member of the Girl Guides Australia Board.

She brings a wealth of expertise in resource mobilisation, international engagement, and governance. Natasha is deeply committed to empowering girls and young women across our global Movement, and to supporting them to lead with confidence and create meaningful change in their communities and beyond.

Her appointment to the World Board is a testament not only to her dedication and capability, but also to the strength and impact of Girl Guiding in Australia.

We wish to also congratulate Erin Wicking and Mel Reoch (GGV) who received the WAGGGS Medal of Service for outstanding contribution at local and global levels. What an honour for two of our own to be recognised at the highest level.
